

Pedulla's Mark Egan Signature model Anniversary Edition now available

To help celebrate the 40th Anniversary of M.V. Pedulla Guitars (1975-2015), the Mark Egan Signature model has been reissued for a limited time - but with some modern features that weren't available in the original. The Anniversary bass is a 5-string with 19mm string spacing and has a body shape similar to the MVP but with slightly thinner neck, no heel, and the treble horn cut slightly lower. This limited edition has greater than AAAAA Flame Maple, an ebony fingerboard, Pedulla's Bartolini pick ups and electronics, a bone nut, and a finger ramp. It can be ordered fretted or fretless, with choice of hardware color (black, chrome or gold) and in any current Pedulla finish color. For more information, visit www.Pedulla.com

Mark Egan Signature model -
Anniversary Edition

Pedulla.com

The advertisement features a large image of the Pedulla Mark Egan Signature model Anniversary Edition bass guitar. The guitar is shown from a three-quarter view, highlighting its flame maple finish and unique body shape. Three inset images provide close-up details: the top inset shows the treble horn and headstock area; the middle inset shows the bridge and pickup area; and the bottom inset shows the headstock with the Pedulla logo and tuning pegs. The background is dark, making the wood grain of the guitar stand out.
